

# Bestline Premium Synthetic GASOLINE/PETROL Fuel Conditioner

### 1. Latest Generation products

- Result of more than 25 years tribology research
- National and International patents

#### 2. Base Lubricant Blend Tested by Independent labs:

- South West Research Institute, San Antonio, TX (http://www.swri.org/)
- Intertek Automotive Research, San Antonio TX (http://www.intertek.com)
- Tested to Requirements of American Society of Testing & Materials (ASTM)

# 3. Uses Micro Lubrication Technology (MLT)

- Uses a Group III base oil of near pharmaceutical quality
- Blended with Group IV Poly Alpha Olefin (PAO) oil to create proprietary patented synthetic base for all BestLine products (engine oil, transmission oil, fuel additives)
- Replaces lubrication in ultra low sulphur gasoline fuels
- Lubricates metal surfaces of fuel pump, fuel injection pump, fuel injectors, cylinders
- Improves engine reliability

### 4. Improves Gasoline, Ethanol Supplement Gasoline and E85

## 4.1 Octane Rating Improver

- Boosts octane for E-5 and E-10 gasoline (5% or 10% ethanol content)
- Boosts engine power to burn like premium fuel; reduces fuel consumption (approx 3%)

### 4.2 Reduces Exhaust Emissions & Cleans

- Improved combustion performance reduces carbon soot and CO emissions;
- Cleans carbon deposits from injectors and pistons.

#### 4.3 Water and Corrosion Mitigation

- Additive improves solubility of water in gasoline and E85.
- Reduces effects of corrosion on metallic components of fuel system caused by ethanol phase separation
- **5. Gasoline Compatibility:** Compatible with all gasoline octane (87, 89, 91, 94) and E85 fuels
- 6. **Mixture (recommended)**: 2oz per 10 Gal or 60ml per 40 L (or 1:640 parts)
- 7. Material Safety Data Sheet:

http://www.bestlinelubricants.com/msdssheets.html (Gasoline)

- 8. Applications: Automotive, Marine Outboards/Inboards, Portable Power Equipment Engines
- 9. Gasoline/Petrol Treatment Packaging: 12oz/354ml, 1 gal/3.78L, 5 gal/20L, 55gal/208L
